Sir,

Sub:- TELEPHONE - Bellary Town- Residence of the COMDA DANT ,S.A.P.Unit Bellary - Extension of connection- Proposals- Submitted.

--

The Commandant, No.3. Battalion, S.A.P.Unit,Bellary has applied for the installation of a telephone in his residence, which is at a distance of about half a mile from his Office. The necessity to provide a telephone to the Commandant's residence at this critical juncture in a Border district like Bellary can not be over-emphasized, as this will help all the Officers in charge of the security of the District to contact him whenever necessary. The Subdivisional Officer, Telegraphs, Bellary,says that the required materials for the extension of the connexion from the Office of the Commandant to his residence will be made available, if the connexion is needed for security purposes. I feel that the commandant must certainly have a phone at his residence for security purpose and request Government's early sanction for its installation. The Subdivisional Officer,Telegraph Bellary, may kindly be permitted to instal the phone required in anticipation of Government'orders, as the need for it is extremely urgent.
